About Global Exchange Education Center

Global Exchange Center is an education service organization with an executive office in Beijing China. It specializes in high quality, professional and competitively priced Chinese Language Training programs and Chinese Business Internships. Our programs offer flexible scheduling and customized, personal attention for each student and client.

Our main office is located in Shandi, Haidian District, a convenient and modern area of northwestern Beijing. We are close to many of China's most prestigious universities, such as Peking and Tsinghua University, and several multinational high tech company offices, such as Lenovo and Microsoft. Our proximity to the Shang Di subway station allows for comfortable access to the rest of the city, making sightseeing and travel throughout Beijing easy and convenient. In addition, our discount membership at a nearby gym also provides a great way for students to stay in shape with modern equipment and group classes.

We pride ourselves on our ability to facilitate individual connections with China through language instruction, cultural immersion and career development. Whether they come for business, academic study, or pleasure, our customers always leave with a better understanding of the Chinese language and culture, building a special life long connection with China.

Since our founding in 1999, Global Exchange Center's teachers and support staff have been providing safe and educational experiences for thousands of professionals and university students from over 15 different countries. We are proud to consistently receive high levels of positive feedback from our customers. In many cases, our students return multiple times for further training.

Proven Quality and Third Party Approval

Our language training in China is accredited by CSN, a Swedish institution with high standards that works with study abroad students. Our intensive group courses have been approved by Bildungsurlaub, a German institution responsible for facilitating professional instruction for German employees interested in improving their foreign language skills.

Qualified, Friendly and Helpful Staff

Global Exchange teachers all have previous experience teaching Chinese and have earned degrees in either Chinese or Education. In addition, all administrative and support staff have years of experience advising and assisting our clients to ensure an enjoyable and safe stay in China.

Multi National Networking Opportunities

Networking is an important aspect of international work and travel. After several years of working with students and professionals, Global Exchange Center has accumulated a significant and diverse alumni network. Students that take our programs can utilize this valuable network to help reach their personal and professional goals.

Wide Variety of Effective Programs

We aspire to meet needs of our students by providing effective instruction and maintaining a variety of options to ensure they meet their individual goals.

Training Methodology

Our center uses modern "Communicative Language Teaching" methods to improve students' Mandarin language skills. Students are encouraged to actively learn through speaking, listening and guided activities.

We believe the combination of intensive spoken practice and everyday experience is the most effective way to learn Chinese quickly. Frequent grammar practice is emphasized to encourage clear communication and structural understanding, helping you master new conversational patterns quickly.

Global Exchange Center can help you gain admission to a top college or university in China through its Direct University Placement service. We will help you find the program that is right for you, guide you through the admissions process, and have all of the relevant paperwork ready to go—all before you even need to book a plane ticket.

Above all, we feel that language learning must be fun and non threatening to be effective. Our teachers, selected for both their personalities and background, are patient, friendly and intelligent. They work hard to provide a fun environment so you can enjoy learning Chinese!

Our teachers utilize practical textbooks, in class activities, and special trips outside of the classroom to provide speaking practice for practical situations, such as buying clothes and ordering food.

Our Chinese Language Programs:

1. Standard Group Course: 20 group lessons per week
2. Intensive Group Course: 30 group lessons per week
3. Private Course: 10 or 20 private lessons per week
4. Chinese Test Preparation Courses: HSK or SAT 2: tailor made
5. Business Chinese: tailor made
6. Chinese for Flight Attendants: tailor made

Effective Chinese Language Instruction

Our Chinese language programs are designed to immerse participants in Mandarin through classroom instruction, guided activities, individual tutoring, and a unique language exchange program with native Mandarin speakers.

Our training is results-oriented. Our goal is to effectively develop the conversational skills of our trainees in a relatively short period of time.

Three components of Our Chinese Language Courses:

Core Chinese Language Course

A structured classroom environment combined with immersive experiences is the core part of our comprehensive training package. Our core language course integrates the development of four primary language skills: listening, speaking, reading and writing.

After-class tutoring

After-class tutoring provides students with opportunities to overcome their individual linguistic challenges in an informal environment. Students can receive assistance with their homework, develop specific language skills, or review classroom material.

Language Exchange

Our center organizes activities to allow both international and Chinese students to meet one another. Touring Beijing, meeting for coffee or dinner, and playing sports together will help you develop a relationship with new language partners and friends. We provide our students with a list containing background information on Chinese students interested in participating in our program.

Key Features of our Chinese language program:

1. Total immersion in Chinese with varied options for courses and activities
2. Small classes averaging 4-5 students.
3. Beginner to advanced levels available
4. Courses start on a monthly cycle, giving our students more flexibility.
5. Unique short term scheduling available from 1 to 12 weeks
6. Native Chinese teachers available with college degrees in either Chinese or Education and years of experience teaching Chinese
8. After-class language tutoring to ensure improvement
9. Language Exchange Program with native Chinese speakers

Chinese Business Internship

Everyday, multinational companies engage in profitable business in China. Brand names ranging from McDonald' s restaurants to upscale Marriot hotels continue to appear throughout the country as businesses of all shapes and sizes achieve financial success in China.

This success is typically built on a solid foundation of cultural understanding and cooperation, as Chinese parties work closely with their foreign counterparts. If you are pursuing an international career, cross cultural experience is a must.

Key Features of Chinese Business Internship:

1. Combined language instruction and business internship
2. Opportunity to practice Chinese in a practical environment
3. Valuable training on how businesses operate in China
4. Ideal for career development

Global Exchange Center arranges internships for students interested in work experience with Chinese management and coworkers. The goal of our program is to provide valuable cultural and market insight, building a greater understanding of the cross cultural interactions that define the global economy.

Practical Work Experience

Our interns have found their experiences useful for **future employment, school admission, spoken Mandarin improvement, and networking opportunities.**

Day to day involvement with coworkers and management is an effective way learn the unique values and habits that define the Chinese workplace. In addition, they will work in a specific industry, gaining an understanding of its impact on both a local and global scale.

Trainees will work in a selected company for 25-30 hours per week, over a period of time ranging from 4-16 weeks. A variety of work experiences are available depending on the individual' s goal.

Some interns work as team members for projects such as online business research, marketing, public relations initiatives, language translation for business materials and customer support. Other students help host companies start or update their English websites, develop promotional materials, and provide English language support for company managers and co-workers.
